

We have created a new tire design that we are confident will be **government mandated** to be on every vehicle produced due to its **safety feature** – thus making the current tire design obsolete without our safety feature.

Our new tire design works in conjunction with the current tire design, is **simple to produce**, and is a **cost effective**, all in one **solution** to the safety concerns of the auto industry and the consumer.

We feel that this new tire design will save many lives by removing the driver from the dangers associated with changing a flat tire.

You can rest assured while you drive knowing that your vehicle has the new revolutionary Detroit Safety Tire.

Stranded Due To A Flat
Tire Again!”**

Our Product

The Detroit Safety Tire is an all in one solution which eliminates the hassle and danger of having to change a flat tire.

The safety tire allows the driver to continue to travel to a safe location. The driver will never have to worry about being stranded in traffic or in unsafe areas due to a flat tire ever again.

Safeguards

The Detroit Safety Tire Safeguards Against:

- Flats
- Blowouts
- Slow Leaks
- Valve Leaks
- Rim Leaks
- Sidewall Punctures
- Blowouts due to vehicle overload

The New Safety Tire also:

- Protects rims against potholes
- Works with existing tire designs
- Works with existing tire mounting equipment
- Works on vehicles with or without TPMS. (Tire Pressure Maintenance Systems)

Benefits

Drivers can rest at ease knowing that the Detroit Safety Tire eliminates the need to get out of their vehicle to address a flat tire in dangerous, inconvenient, isolated and unsafe areas.

The safety tire is an affordable way to eliminate the spare tire. The new safety tire is ideal for seniors, young drivers and those with disabilities because it allows them to continue to drive to a safe location.

Now you can protect yourself and your family from the dangers caused by flat tires and blowouts with the new Detroit Safety Tire.

**“You will never be stranded
due to a flat tire again!”**
